## **Nataniel Viuniski, M.D.** **Medical Advisory Board**

Nataniel Viuniski, M.D. of Brazil is a member of Herbalife's Medical Advisory Board, which provides training on product usage and gives health-news updates through Herbalife literature, the internet and live training events around the world.

Viuniski is a pediatrician and nutritional expert whose main areas of interest are children's weight management and obesity. He

serves as advisor to the Health and Education Ministry for children's obesity, and is coordinator of the school health program of the Health Obesity Department of ABESO (Brazilian Association on Obesity Studies). Additionally, Viuniski teaches post-graduate courses in nutrition.

He is the author of "Childhood Obesity – A Practical Guide" as well as other books and articles.

Viuniski holds a M.D. from the Escola Médica da Universidade de Passo Fundo (Medical School of Passo Fundo University) in Rio Grande do Sul; a postgraduate degree in pediatrics from Hospital Infantil Conceição de Porto Alegre (Children Hospital Conceição de Porto Alegre); and a postgraduate degree in nutrition from ABRAN (Brazilian Association of Nutrition).
